Silver Cross is one of the SAFEST hospitals in the nation.

9 STRAIGHT A’s for Patient Safety

Keeping patients safe is our No. 1 priority, which is why Silver Cross Hospital in New Lenox has been recognized as one of the safest hospitals in America by the Leapfrog Group.

Developed under the guidance of an expert panel, the Leapfrog Hospital Safety Grade uses 30 measures of publicly available hospital safety data so consumers can see how well their hospital protects patients from errors, accidents, injuries, and infections. More than 2,600 U.S. hospitals are graded twice per year. It's calculated by top safety experts, peer-reviewed, fully transparent and free to the public.

To see Silver Cross Hospital’s full grade and tips for staying safe in the hospital, visit hospitalsafetygrade.org

1900 Silver Cross Blvd. • New Lenox • (815) 300–1100 • www.silvercross.org

The only A for patient safety in Saginaw, Bay and Midland counties.

Covenant HealthCare has been awarded an “A” Leapfrog Hospital Safety Grade. This grade rates a hospital’s record of keeping patients safe from preventable harm and medical errors, and we’re the only hospital in Saginaw, Bay and Midland counties to achieve an “A” — the highest rating.

Covenant HealthCare has been awarded an “A” Leapfrog Hospital Safety Grade. This grade rates a hospital’s record of keeping patients safe from preventable harm and medical errors, and we’re the only hospital in Saginaw, Bay and Midland counties to achieve an “A” — the highest rating.

Keeping our patients safe is a top priority, which is one more reason we’re the most preferred hospital. So when you need care, don’t just choose a hospital — choose the “A” hospital, Covenant HealthCare. Extraordinary care for every generation.

When it comes to patient safety, ACMC MAKES THE GRADE.

Every day, ACMC caregivers come to work with one goal in mind: providing the best care to our patients in the safest way possible.

The dedication of our caregivers has reduced the number of patient falls, lowered infection rates, and decreased the number of bed sores. We've also improved communication about medications and discharge, enhanced communication with doctors and nurses, and increased the responsiveness of staff.

How do we know those efforts and many others are making an impact?

ACMC’s “A” Leapfrog Hospital Safety Grade says it all.

Ashtabula County residents can take comfort in knowing they're being cared for at one of the safest hospitals in America – right here in Ashtabula County. Right here at ACMC.
WE ARE PROUD TO GIVE YOU THE PEACE OF MIND YOU DESERVE.

Once Again, Whittier Hospital is recognized as one of the safest hospitals in the nation.
